

# SHAHEER CHOUDHURY

## FULL STACK WEB DEVELOPER

### ABOUT

I am a full stack web developer with expertise in Python, Django, JavaScript, React.js, etc., and someone who embraces the mindset of a lifelong learner. My past experiences range from the fields of digital media and journalism to public relations for tech startups and athlete management companies. I am searching for an organization that will fully utilize my boundless passion for analytical problem solving, efficient communication and tenacious research capabilities.

### CORE SKILLS

- HTML5 / CSS3
- Git / Github
- Python
- Django
- JavaScript / ES6+
- React
- SQL
- Bootstrap
- REST
- JSON
- AJAX

### CONNECT

> Toronto, Ontario

### PROJECTS

#### CROWDFUNDER

Tech Used: Python | Django | SQL | HTML5/CSS3

Developed a fully functional Kickstarter clone in a team of 4. Included features such as users creating a project with a donation goal, reward tiers, and users being able to donate to projects for certain reward tiers.

#### PHOTOGUR

Tech Used: Python | Django | SQL | HTML5/CSS3

One of the first major projects I undertook at GA, an Instagram clone, completed with authentication/authorization, user ability to upload, edit, delete pictures, leave comments on pictures, and media-queries to streamline across platforms.

### EXPERIENCE

#### GENERAL ASSEMBLY - TORONTO, ON

WEB DEVELOPMENT IMMERSIVE (July - September 2019)

Intensive 12-week program focused on programming fundamentals such as version control through Git/Github, object-oriented programming, the MVC framework, Data Modelling, working with APIs and project planning for teams.

#### WINDSHIELDINK

PUBLIC RELATIONS ASSOCIATE (June - November 2017)

Worked with leadership team to develop brand image for a mobile application that portrayed an emotional and rational value to users beyond the technical specifications. Identified key target audiences and communicated the new brand message through extensive media outreach. Led the launch and messaging of social media platforms such as Instagram and Twitter, and organized a contest, which boosted total followers by 40 per cent.

### EDUCATION

- General Assembly - Web Development Immersive (July - September 2019)
- Ryerson University - Communications & Public Relations (2015 - 2017)
- Ryerson University - Journalism (2008 - 2013)
